WELCOME TO OUR BEAUTIFUL AREA!

Located just a short drive from Yosemite National Park, we are fortunate to live in one of the most breathtaking areas in California, and possibly the world!

IS THERE REALLY A TALKING BEAR?

Yes, there really is! He stands at the corner of Hwy. 41 and Rd. 426 in Oakhurst, right in front of the Century 21 Ditton Realty office. Originally built in 1963, our friendly fiberglass bear is very happy to share his fun facts about the mountain community and so much more! He has become famous over the years to the delight of

millions of tourists who stop by to visit him and take a photograph or two!
